# THE PLANT SCIENCE FAMILY REUNION

*Growing the future, together.*

Connect with Peers | Support Emerging Talent | Ignite Fresh Ideas

Spark Collaboration | Plug into the Agtech Ecosystem

**Not your average family reunion—unless your family sequences genomes and builds agtech startups.**

Join the St. Louis plant science ecosystem for a one-day celebration of innovation, connection, and discovery – whether you're a researcher, entrepreneur, student, or simply curious about the future of plant science – and whether you've called the St. Louis region home for 20 years or just arrived — you're part of this family.

## **What to Expect**

**TED-style Science Talks** - Big-picture ideas, bold science, & rising talent.

**Resource Fair** - Explore the region's most exciting companies & supportive organizations.

**Epic Networking** - Reconnect, swap stories, & spark new collaborations.

**Garden Party** - Close out the day with drinks, laughs, and late-summer vibes—surrounded by the beauty of the Missouri Botanical Garden.

Missouri Botanical  
Garden
